On your indexing screen, expand your field of choice.

Select the box called “Search Tags”, type in the text you wish to search for and click “Search”. The search results are now shown below.

You can then click on the “Relevant tag?” to add it to the paper.

Use the arrows below your results to navigate between the pages. There is the option to change the order of the search results.

You can sort the tags alphabetically in ascending order or descending order, or sort them so that the tags most commonly used on the map appear at the top of the list.
